

ONLY A FEW WEEKS BEFORE THE FINE \$400 PIANO

AT L. H. FAULKNER & CO'S.

Will Be Given Away.

GET ALL THE TICKETS YOU CAN BEFORE NEW YEARS EVE.

Our trade this season has been immense. From all parts of the county our Large Double Stores have been thronged with customers who are satisfied that by buying their goods of us they can save money. In our Clothing Store

OUR - ENORMOUS - STOCK - OF - FINE - SUITS - AND - OVERCOATS

Has been so badly cut up, that we have been obliged to get in a new stock to meet the demand. We have about 250 Overcoats left out of 600, which we will close out before January 1st. You can get a coat of us at your own price. We have just got in a new lot of Good Suits at \$4.00, \$5.00, and \$6.00 per suit; they are worth \$8.00, \$10.00 and \$12.00. See for yourself where to buy your Clothing. See our Fine Fur Caps for \$1.00; they are "DANDIES."

OUR BOOT AND SHOE TRADE

Is the largest this season since we have been in business; competition nowhere in this department; we sell more Boots and Shoes than all our competitors put together. We are obliged to constantly add new goods. We carry a \$15,000 stock all the time and our customers can find what they want at our store, and be sure to get full value for their money. The grand secret of our success in the Boot and Shoe business is that

We carry no Goods that we cannot recommend, and Guarantee Every Shoe to turn out as Represented.

Every purchaser of Clothing or Boots and Shoes in the county should visit our store this winter, for we are prepared to substantiate all we claim in both departments.

The Reflector.

THURSDAY, NOVEMBER 29, 1888.

The city marshal is taking it easy. Abilene is the most orderly city in Kansas.

The case of Mosier vs. U. B. church resulted in a verdict for plaintiff and judgments rendered for \$500.

M. V. Brillhart today received for Mrs. G. W. Bareus \$554, the amount of an insurance policy held by her late husband in the S. K. A. O. U. W.

Probate Court.

Judge Seeds issued a marriage license today to Geo. B. Fuss and Cora A. Cocannour, both of Supten's Mills.

Application for Bail.

This morning an application was made before the probate court on a writ of habeas corpus to admit to bail Hiram Johnson, Isaiah Johnson, Henry Krienhop and Martin Thomas. They were admitted as follows: Hiram Johnson in the sum of \$2,000 and the others \$1,000 each; but no bail having been furnished they were remanded back to jail.

A Reception and Supper.

The home of the Hon. J. R. Burton on North Buckeye was the scene of a very pleasant social gathering Monday evening.

Mr. and Mrs. Burton gave a 6 o'clock supper to a few guests in honor of Governor and Mrs. Frederick Robie, of Maine, who are visiting in the city. The affair was very elegant and the fortunate guests heartily enjoyed the occasion.

Those present were Gov. and Mrs. Robie, Mr. and Mrs. C. H. Barker, Mr. and Mrs. W. J. Coye, Mr. and Mrs. J. H. Mahan, Mr. and Mrs. Robert Chapin, Mr. and Mrs. E. D. Humphrey.

A Novel System.

In the store of A. E. Bishop & Co. can be seen in operation one of the most unique and convenient arrangements for saving time and labor ever brought to Abilene. It is Chapman's Cash Railway system, by which clerks in any part of the store can send for change to the cashier's desk and also send the amount received for purchases. The money is placed in tiny cars which is propelled along a wire by a spring. It will pay everybody to call and see this wonderful arrangement, the only thing of the kind in the county.

Mr. Bishop, always among the leaders, shows his progressiveness in this great improvement which makes his mammoth store more truly metropolitan than before, if such a thing were possible.

Obituary.

Monday afternoon death entered the home of John Taylor, living south of the Holland creamery, and took the wife and mother. She was young, being but 25 years of age. The bereaved husband has much sympathy in his sorrow. The funeral will be held tomorrow at 11 a. m.

A Good Entertainment.

The Markees have at the request of the G. A. R. boys and others decided to give a benefit performance next Friday night in the Bonebrake. Hawkins' orchestra has generously donated its services for the occasion and a number of prominent workers are doing their best to get the affair well under way. The Markees are famous throughout Kansas and have given Abileneites a great deal of enjoyment during the past season. Let everybody turn out and give them such an audience next Friday night as the opera house has not seen in years. Their entertainment is very fine and well worth attending.

A Souvenir.

With today's REFLECTOR we present our patrons a souvenir in the shape of a miniature reproduction of part of our jubilee issue of Nov. 8th. It will serve to recall this papers exhilaration over the result of the election and to introduce to strangers the Abilene DAILY REFLECTOR.

A Pleasant Supper.

Last Saturday evening a very enjoyable time was had by a small party of gentlemen at the home of Col. E. H. Dingee in East Abilene. The Colonel treated his guests to a bountiful oyster supper with all the et ceteras and made each one feel perfectly at home.

After the feast (for it was a feast) a few hours were spent over the cigars in conversation and amusements. When the party adjourned it was with the heartiest of good wishes for Mr. Dingee's happiness and the memory of a delightful evening stored away among the thoughts of other past enjoyments.

Those present were: John J. Cooper, S. K. Strother, C. S. Crawford, Geo. C. Anderson, M. V. Brillhart, W. P. Seeds, R. B. Hower, E. H. Dingee, Jr., Richard Waring.

EDUCATIONAL COLUMN.

EDITED BY J. S. FORD, COUNTY SUPERINTENDENT.

The Western School Journal is the best educational paper in the West, and is growing stronger with every issue. Every teacher in Kansas should read it.

The county superintendent would like to receive the names and postoffice addresses of young men and women who would like to attend the high school at Chapman next year.

The institute next Saturday at the Abbey school house, Dist. No. 60, should be well attended. The citizens of the district will take pleasure in giving the teachers a royal welcome.

The teachers of the north district have adopted a constitution for their guidance in future meetings. This is an excellent plan. We are glad to see the institutes moving in a systematic manner.

The State Teachers' association will be held in Topeka Wednesday, Thursday and Friday, Dec. 26, 27 and 28. Railroad rates will be one fare for round trip. Dickinson county should have a good delegation.

Many of the teachers of the county will take two days vacation this week on account of Thanksgiving. It must be remembered that not even Thanksgiving day can be taken by the teacher with a continuation of salary without the permission of the school board.

A teacher was showing his list of periodicals for the coming year. It included the Western School Journal, N. Y. School Journal, Century, N. A. Review, Current Literature, two weekly papers, one Republican and one Democratic, and one daily paper. That teacher will not "progress backward."

The citizens of Ottawa are engaged in the erection of a new building for the Ottawa University, the estimated cost of which at its completion is \$50,000. The present productive endowment of the University is \$47,377. The buildings and property are valued at \$115,000. The total enrollment of students last year was 215.

A teacher, to progress, must read. No one has so much opportunity to store his mind with useful knowledge as the country school teacher and the young men or women who spend their evenings and Saturdays in gossiping or in talking nonsense around the kitchen stoves are not fit to be teachers. Improve, study, work and you will fit yourself for higher things.

The teachers' meeting at Walnut Grove, District No. 35, last Saturday was well attended and the exercises good. In the absence of Mr. A. C. Dietz, Mr. D. F. Shirk presented a practical method of teaching percentages. Mr. Shirk is one among the very

best school men of the county, and never fails to respond when called upon at an institute.

Miss Myrta Wick next recited "Our Heritage."

Mr. Phipps next read an essay on Whittier, and Mr. Jesse Engle read a poem, all of which were interesting and well received.

Mr. McMillan handled the subject of Map Drawing and Mr. J. H. Engle that of Pedagogy in a very interesting and instructive manner.

There were a great many teachers present and all were highly pleased with the way in which they were entertained by the people of the district.

California has a school fund of \$2,700,000 permanently invested, and besides, levies a property tax for school purposes. The average salary of male teachers in the State is \$80.75, and of females, \$64.12. Ten per cent. of the State fund received by a district is for library purposes. Teachers are compelled to attend institutes from three to five days, but without loss of salary. Ten years' successful service gives the teacher a life diploma or certificate. The smallest districts in the State receive not less than \$400 of State money. Female teachers receive the same pay as male teachers if they hold the same grade certificate; and the law makes it a misdemeanor for the parent or guardian to abuse, insult or "jaw" the teacher in the presence of the pupils.

While the effort is being made to secure better work in the schools would it not naturally assist in this to make the school room and ground more attractive? The walls might be whitened, the wood-work repainted, the floors and windows cleaned, the stove polished, and black-board reslated with a very little cost to the district; and I hope that each teacher will visit the school house where he expects to teach, before signing a contract, and will make it a point to see that the contract includes the above work to be done before school opens. Then I would suggest that an ornamentation day be taken, and I think the teacher will find the pupils ready to assist in securing pictures, mottoes, winter bouquets, decorating cards, fans, brackets, etc., to decorate the schoolroom.—[A. E. Dixon, Supt. of Lyon County.]

Here is another swindle which sharpers are working on farmers: A stranger calls to sell a fanning mill. During his conversation and walk about the farm with the farmer he is sure to see a horse that just suits him, and offers to pay a small sum to secure the bargain. If accepted he asks for a receipt for the money deposited, stating that he will go to the bank and return in a day or two for the animal. Such receipt turns up later in the bank as a note against the farmer.

An exchange truly says: "Many persons hesitate about sending personal notes to a newspaper regarding the movements of friends, lest the newspaper man should think them too anxious to see their names in print. He will think nothing of the kind, but on the contrary he is glad to get such notes. Many seemingly unimportant items, when printed, are news to a large number of readers. One important thing should always be remembered, however, that is, the signature of the sender should accompany the item," not for publication, but that the editor may know that the news is authentic.

Resolutions of Condolence.

WHEREAS, Our Heavenly Father has called from earth to heaven Mrs. Armina J. Niles, a sister who was mild and lovely, charitable and kind to all. Therefore be it

Resolved, That we tenderly condole with the bereaved husband and son of our deceased sister in their hour of deep affliction and commend them to Him, who is the great burden bearer.

Resolved, That while we deeply sympathize with those who are nearest and dearest to her, we share with them the blessed hope of a reunion in that some resplendent glory.

Resolved, That these resolutions be spread upon the records of the Woman's Relief Corps, No. 63, and a copy thereof be transmitted to the family of our deceased sister and to each of the newspapers of Abilene.

Good Bye, Gazette.

The daily Gazette, has at last, fulfilled prophecy and gone to its rest, passed in its checks, turned up its toes, said its valedictory, gone glimmering—in short, died. It was with bitter scalding tears and an aching heart that the REFLECTOR learned of its demise. For nearly two years we have fought the journalistic battle by its side. The two dailies have exchanged taffy, traded news, and nailed lies in each other's columns with the most perfect friendliness and good will. We have done our share. We have called its editor as hard names as it has ours; ridiculed its "breaks" as much as it has ours; crowded over our "scoops" as much as it has over its own; in fact the REFLECTOR and Gazette have been the most kindly enemies, and we are heartily sorry to see it stop.

Abilene ought to have better appreciated the benefit of a morning paper for the advertising it gave the city. She ought to have supported it better than she did, irrespective of its politics.

Now that after nearly four years of struggling against adversity the Gazette suspends, many will miss it. The REFLECTOR is left the only daily paper between Manhattan and Denver and while the demise of the Gazette widens our field we sincerely regret losing "our e. c." and will hold it and its long list of genial attaches in pleasant remembrance. Peace be to its ashes.
